

# Full Size Rails Kit ASSEMBLY MANUAL

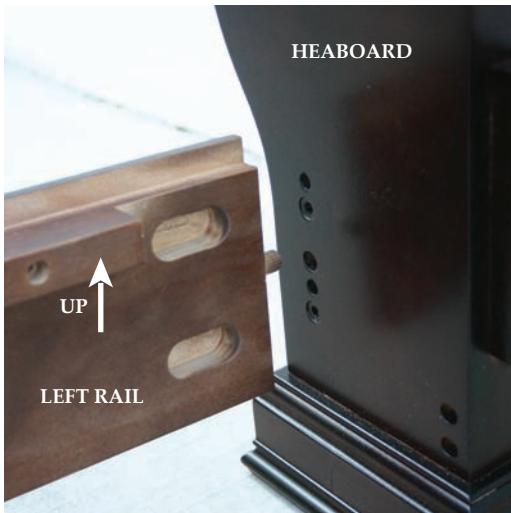

(For Davenport, Beaumont, Chelmsford, and Stratford cribs)

## BOX CONTENTS:

Left and Right Rails  
Hex Wrench X 1  
Bolt and Clip X 8 Sets

**PREPARATION:** Disassemble the crib or toddler bed. This conversion will only utilize the crib headboard and footboard.

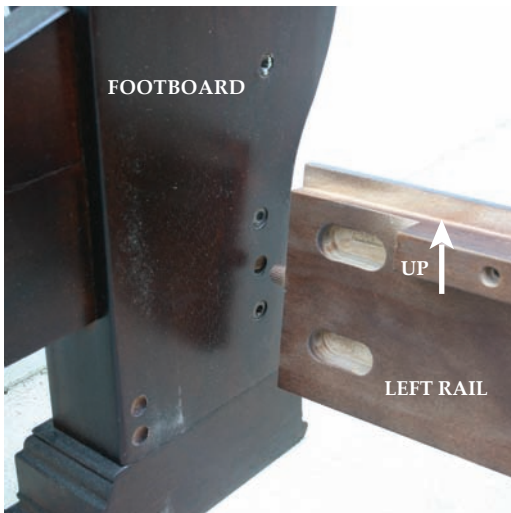

**STEP 1:** Line up holes to headboard and insert rail. Be sure to orient the rails in the up position as shown.

**STEP 2:** Place clip inside of top hole with open side facing out as shown.

**STEP 3:** Place bolt into hole and fasten it to the headboard. If clip is falling out, it is installed incorrectly. Please refer to step 2. Repeat for bottom hole. Tighten as needed.

**STEP 4:** Line up holes to footboard and insert rail.

**STEP 5:** Place clip inside of top hole with open side facing out as shown.

**STEP 6:** Place bolt into hole and fasten it to the headboard. If clip is falling out, it is installed incorrectly. Please refer to step 5. Repeat for bottom hole. Tighten as needed.

**STEP 7:** Repeat Steps 1 to 6 for right rail.

**STEP 8:** Be sure to inspect that all bolts are fastened tightly and securely.

**THE FULL SIZE CONVERSION MUST BE USED WITH A BOX SPRING OR BUNKIE BOARD.**
